Frontend Developer and [B.Tech](#) CSE student with experience building responsive web applications using React and TypeScript. Interested in AI, cybersecurity and software engineering, with hands-on experience through projects, hackathons and technical initiatives

Work experience

Frontend Developer

Basti Ki Pathshala, Remote

May 2026

June 2026

- Implemented accessible web features ensuring inclusive user experiences.

Campus Ambassador

TRYST, IIT Delhi

February 2026

March 2026

- Represented TRYST 2026 on campus by promoting technical events and initiatives.

Campus Ambassador

Cognizance, IIT Roorkee

January 2026

February 2026

- Facilitated awareness of technical workshops and competitions, engaging students and boosting attendance.

Education

Bachelor of Technology - BTech: Computer science and engineering

Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV), Bhopal

May 2028

High school: PCM

Govt. Venkat Hr. Sec. Excellence School No. 1, Satna

March 2024

Projects

Doctor AI | React, TypeScript, AI

- Developed an AI-powered healthcare assistant with an interactive and user-friendly interface for preliminary health guidance.
- Secured **1st position** at the college-level hackathon.
- Selected among the **Top 10 teams** at the **IIIT Shri City Hackathon** and advanced to the **offline round** of the **Zuup International Hackathon**.

Samadhan Sathi | React, TypeScript, Tailwind CSS

- Developed a responsive civic issue reporting platform for reporting and tracking issues such as potholes, garbage, and streetlights.
- Built reusable React components and responsive interfaces using TypeScript and Tailwind CSS.
- Implemented citizen and admin interfaces with issue reporting, status tracking, and location-based information.

Kaam Mitra | React, TypeScript, Tailwind CSS

- Developed a professional networking platform inspired by LinkedIn for connecting users and sharing career-related content.
- Designed a responsive and modern frontend with reusable components for profiles, posts, connections, and interactions.
- Focused on delivering a seamless user experience across desktop and mobile devices.

DevByte

- Designed and developed a responsive personal portfolio to showcase projects, technical skills, and experience.
- Built reusable components and responsive layouts using HTML, JavaScript and Tailwind CSS.
- Deployed the website on Netlify for public access.

Skills

Java
